

SLIMLINE BURNER COLLECTION

BEAUTY
FIRES

Fire design for luxury living.

SLIMLINE

The Slimline Burner collection by Beauty Fires® offer the user the ability to create their own unique fireplace. These bioethanol burners are vent free which allows you to place them in areas previously not possible with wood or gas fireplaces.

An Architect's favourite choice these bioethanol fires enhance any design that it is incorporated into. The Slimline collection sets itself apart from others with its slim width and its various size options. Manufactured in 4 and 6mm stainless steel they are considered to be amongst the best globally and will provide beautiful heat many years after installation.

The Slimline biofuel burner collection has 4 size options making it the obvious choice for any environment. Be creative and design the fireplace you have always wanted with our

unique range of vent free bioethanol burners. Bioethanol burns clean and is environmentally friendly. It produces no harmful emissions. The flame is natural and soothing providing a gentle heat and ambiance. The Slimline Burner collection is designed and manufactured by Beauty Fires® in South Africa.
